

WELFARE RESOURCES

There are many resources available to you should you need welfare support. If you would like assistance accessing any of these services, please get in touch with one of the welfare officers or peer supporters who can help and guide you through the process. You can also ask them to accompany you to any meetings or appointments if you would find this useful. Please remember that you never have to go through anything alone—don't hesitate to reach out to any of the people listed here.
